SAFETY IS ALWAYS A PRIORITY DURING THE PARADE:

It is mandatory that each parade entrant identify a safety monitor who will be required to walk alongside the entry and help keep the pace of the parade and ensure the safety of spectators. Safety monitors must be 18 years of age or older. For larger entries we suggest 2 safety monitors. This position will be the main contact person for your entry, who is expected to communicate the parade information to your entry participants and to supervise the smooth and efficient operation of the parade from the staging/lineup area, through the parade route. Know the parade rules for your entry and ensure compliance. The entry's monitor is to be available to parade officials for relaying information to your entry in the staging area and along the parade route. Make sure the entry number, which is given at registration on the day of the event, is to be properly placed on your entry in the front right corner. Keep your entry together and organized in the staging area. Accompany your entry during the parade. Control entry speed on the parade route to maintain a 20-30 foot interval between your entry and units before and after. If a gap develops, safely close it up. Ensure the safety of your entry and entry participants. Be safe!

****A representative for your entry will be signing the liability waiver for your group.
